

What Folks Have to Say!

“He is a dynamic speaker with a lot of passion.”

-Dr. B.J. Garner, President-Texas Optometry Society

“I was so impressed by his motivational speech that he presented at the Command Chief/First Sergeants Conference, that I have invited him to speak at our first ever Enlisted Call in February 2003.”

-CMSgt. Daniel A. Young, State CCM, Delaware ANG

“I had fun. I learned a lot. I laughed. I cried. Best program I have seen!”

-Alfredo Dela Rosa, Engineer, Director of National Office, World Safety Organization

“I wanted some tools to use. I found the ones I had were ‘American standard’ and my problems were all ‘metric’. What an education!”

-David Day, Department Head, Texas State Technical College

“...to say I was impressed is an understatement. I invited him to speak at our wing’s Annual Enlisted Award Dinner as our guest speaker. He did not let me down, and this time 350 of our folks were just as impressed.”

-CMSgt. William C. Jacobson, State CCM, Alaska ANG

“Very smooth, I learned a lot and did not realize I was being taught.”

-David Bond, USAF, Col. (Ret.)

“Dr. Anderson was asked to address Air National Guard Command Chief Master Sergeants and First Sergeants on the topic of The Enlisted Force Structure...and boy was he on the point. He addressed the three tiers of force structure in a way that included humor and yet emphasized the importance of recognizing and adhering to the criteria that describes the tier in which you sit. I would recommend this presentation to any group that has a desire to revitalize the enlisted corps while giving them a quick lesson on The Enlisted Force Structure”

-Valerie Benton, Air National Guard, Command Chief Master Sergeant

Dr. Bob Anderson is an international speaker, author and trainer. His energetic programs are robust, interactive, and educational. His “Back to Basics” approach is not just entertaining, it’s effective.
